

## Introduction to ADSB

ADSB is coming soon and it involves a lot of new rules governing where we can fly and what equipment we MUST have on board the aircraft. Are you prepared? Our speaker tonight is one of the FSDO Inspectors on the ADSB team. He will provide us with an good overview of the program, how it works - and how it will effect our flying. This is especially important to all of us since most of us are based on airports located under Class B airspace where this is Mandatory from the surface up.

**Directions:** Main conference room

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
